February 2025

Dear All,

### **PRODUCT UPDATE: ABRI-FORM COMFORT RANGE**

We are glad to inform you that the Abri-Form Comfort range will be updated to ABENA Slip Basic.

The new name is to be consistent with the rebranding from Abri to ABENA on all packaging designs. The new range name is designed to emphasise the reliable, no-fuss core product that delivers what you need. Rest assured that the quality, performance, and reliability you depend on remain the same.

We're excited to share that the new ABENA Slip Basic now comes with an upgraded breathable backsheet. Please note the graduation scale has been removed and replaced with clear readable size reference while still maintaining the wetness indicators.

ABENA Slip Basic is your essential range that continues to provide quality care, comfortable fit, leakage protection, and reliable combi tapes.

#### ***What is changing?***

- Product branding and packaging re-design from Abri-Form Comfort to ABENA Slip Basic
- Bunzl ordering codes and barcodes
- UOM changes (in red below) to optimise logistics
- Abri-Form Comfort S2 transitioning to ABENA Slip Basic S1 – capacity will remain the same
- New breathable backsheet with colour coding
- No graduation scale

#### ***What is NOT changing?***

- Product shape and style
- Composition of the product
- Product sizing, dimensions and capacities to remain the same

#### **Example of packaging upgrade:**

Please see range transition details in the table below:

- Yellow:** Codes have transitioned in the system and will begin to filter through the business in mid-February 2025.
- Blue:** Codes estimated to transition in Q2 2025. Communication to be released as transitions occur.

We will exhaust all existing product prior to transitioning to the new upgrade.
